School Closure Wednesday 29th September

Thank you to all parents and carers for helping us out by urgently collecting children last Wednesday afternoon.

Here is an explanation of what happened.

Yorkshire water had been working in the area and cut off the water supply to the school without our knowledge. Our water tanks completely emptied and the pump unit began pumping air around the system damaging the filter. An engineer had to be called out to fit a new filter to the pump and this fixed the problem. Yorkshire Water have agreed to pay the costs incurred by the school.

As I'm sure you will understand the school has to close if there is no running water as children cannot flush toilets or wash their hands. Luckily children were able to eat their lunch before our water ran out.

Apologies for any inconvenience and thank you again for your swift response collecting children. *Sam Fearnough* Head teacher
