1st February 2022
Geography Field Work

Dear Parents/Carers,

As part of Y5/6's geography learning, the children will be completing a piece of fieldwork linked to the River Sheaf. This will take place by the stretch of the river that runs alongside Cutler's Walk close to the school. This section of the river is fully contained by fences and the children will not be entering or directly next to the water. We will get to the river by walking – this should take us no longer than 10 minutes.

It is planned for the fieldwork to take place on the week beginning 7th February 2022. However, this may need to change depending on the weather and the availability of staff. Parents and carers will be notified the day before we go via text message.

On the day, please ensure your child is dressed in school uniform, wearing sensible shoes and has a warm coat. As we will be returning to school before 12:00, lunch time will function as usual.

Due to the fact that the field work is taking place in close proximity to the school, you do not need to provide permission for your child to attend as this is covered by the existing permission provided for local trips.

If you have any question regarding this, please do not hesitate to contact me.

Yours sincerely,

Mr. Chappell

Y5/6 Phase Leader
