Home learning

Dear parents/carers,

This year we are working with 'Learning with Parents' which is a company which provides fun, educational activities and ideas to do at home that are in line with our teaching in class. Every two weeks you will be set a home work task to complete with your child. You will be able to watch handy videos and then given some practical tasks to do.

To find out more and get started, please sign up to attend the launch (via zoom).

When: Tuesday 28th September 2021

Time: 4:30pm

You will have received an email asking you to register. Please click on this link or use the following link below:

https://us02web.zoom.us/webinar/register/WN_WjDY-I0PTX654fBkoAJenw

If anyone is unable to attend, we will be recording the launch and will send out details of how to access this after the event.

Alternatively, you will still be able to gain access to the site and home learning tasks when you've received the email anyway.

Any other questions, please speak to your class teacher.

We hope you can join us!

Best wishes,

Sarah Webb
Assistant Headteacher

Welcome to Learning with Parents!

At Learning with Parents, we understand that so much has changed in the way children learn in schools and how busy families are. Our programme helps make learning at home fun and rewarding.

How do we do this?

Play **fun games and activities** at a time that suits you.

Watch **child led videos** explaining topics and how they are taught in school.

Leave a **short comment** to let the teacher know how it went.
